

Regain PST Recovery Installation/Uninstallation Guide

Since you are introduced to the configuration requirements and features of our PST Recovery tool, read on to know how to install this program. Before installing the program, make sure your computer supports the software installer file. If the setup file is not stored on your PC, download it first.

Installing the Software

After downloading the software installer file, follow these steps to install PST Recovery in your system -

- Launch the Setup file of Regain PST Recovery Tool.
- Go through the instructions on your screen.
- Once the software is installed on your computer, it will display the message "Completing Installation of PST Recovery Tool Setup" on the installation screen.
- Click Finish to finalize the process and launch the software.

Uninstalling the Software

You may use any of these methods to uninstall the PST Recovery from your system -

- Uninstall via Control Panel
- Uninstall using Start Menu

Caution - Before uninstalling the software, be sure Regain PST Recovery is no longer in use.

Uninstalling from Control Panel

Go through the following steps to remove PST Recovery via Control Panel -

- Click "Start" and Select "Control Panel" to open the "Control Panel" window. \
- Select and open "Add or Remove Programs" icon. It will display the list of programs on your computer.
- Choose PST Recovery and Click "Remove". It will show a warning message to ask whether you really need to remove it.
- Click "Yes" to continue.
- PST Recovery will be removed from your computer within seconds.

Uninstalling from Start Menu

Go through the following steps to remove PST Recovery from Start menu -

- Click on “Start” button, “All Programs” and then PST Recovery and Select “Uninstall PST Recovery”.
- Before processing, it will display a warning message on the screen.
- Click “Yes” to continue.

Regain PST Recovery will be successfully uninstalled.
